RAILROADS.

MILWAUKEE & MISSISSIPPI R. R.

FALL ARRANGEMENT.

ON AND AFTER October 6th, 1856, the trains will run between Milwaukee, Janesville, Madison and Mazomda, which is 150 miles West of Milwaukee and 40 miles from Prairie du Chien, as follows:

LEAVE MILWAUKEE

At 8.30 a. m., connecting at Milton with the train from Chicago on the St. Paul R. R., arriving at Madison at 1.30 p. m., and at Mazomda at 6.00 p. m.

Leave Milwaukee also at 4 p. m., connecting at Milton with the train from Chicago, and arriving at Madison at 9 p. m.

LEAVE MADISON.

At 7.00 a. m., connecting at Janesville with the St. Paul train from Chicago, and arriving at Milwaukee at 12 m. By this train passengers have time to dine in Milwaukee and reach Chicago by the Lake Shore R. R. in time for the 9 p. m. trains going East.

LEAVE MUSCODA

At 10 a. m., arrive in Madison at 1.30 p. m., dine, and take the 3 p. m. train for Janesville, where it connects with the St. Paul train for Chicago, and arrives in Milwaukee at 8 p. m., in time for the 9 p. m. Boats to Chicago, arriving there in time to take the early morning trains going East.

The morning train from Milwaukee takes passengers from Milwaukee and Chicago throughto Muscoda, where they connect with Davis & Moore's Stages for Prairie du Chien.

This is already the shortest and cheapest route for the Upper Mississippi.

A train leaves Madison at 8 a. m. for Muscoda, and returns, leaving Muscoda at 4.30 p. m., on the arrival of the Stages from Prairie du Chien. By this arrangement, passengers leaving Prairie du Chien in the morning reach Madison at 7 p. m. of the same day.

Passengers who leave Madison at 7 a. m. via Janesville and St. Paul R. R. arrive in Chicago in time for the 9½ p. m. trains East.

Passengers by Davis & Moore's Stages will be conveyed to and from the several stations on the arrival and departure of the Cars, to Galena, Mineral Point, Dodgeville, Richland City, Baraboo and Sauk City.

EDWARD H. BRODHEAD,
oct4 Supt. and Engineer.

LA CROSSE & MILWAUKEE R. R.,
WATERTOWN DIVISION.

ON MONDAY, February 9, 1856, and until further notice, a passenger train will leave Milwaukee for Watertown at 5.30 p. m., arriving at Watertown at 9 p. m.

Returning will leave Watertown for Milwaukee at 6.45 a. m., arriving in Milwaukee at 10 a. m.

Trains as above will make connections with the trains of the Milwaukee & Mississippi R. R. at the junction, taking passengers to Madison and Janesville, and from those and other places west to Watertown.

Stages leave Watertown for Madison, Jefferson, Portland, Columbus and other points West and North.

feb7 EDWIN B. GOODRICH, Sup't.

GREAT WESTERN MAIL ROUTE.

SPRING ARRANGEMENT.

ON and after Monday, April 7, 1856, Passenger Trains will leave Wells Street Depot daily, (Sunday excepted,) as follows:

JOHN B. TURNER, Jr., President.
P. A. HALL, Superintendent. apr11e568dly

RACINE & MISSISSIPPI R. R.

OPEN TO ROCKTON.

CHANGE OF TIME.

ON and after Wednesday, the 29th inst. the trains will leave as follows:

GOING WEST.

Leave Racine—Passenger Train at 7.00 A. M.
" Freight Train, at 7.30 "
" Passenger Train, at 2.00 P. M.

GOING EAST.

Leave Rockton—Passenger Train at 6.00 A. M.; Beloit, at 8.30 A. M.
" Freight and Accommodation, 9.15 A. M.; Beloit at 9.45 A. M.
" Passenger Train, 12 M.; Beloit, 12.30 P. M.

The A. M. train from Racine connects with the Chicago, St. Paul & Fond du Lac Railroad at Clinton, for Chicago, Janesville and Madison; at Beloit, with Beloit & Madison Railroad for Afton and Footsville; also with Galena & Chicago Railroad for Rolvidere, Rockford, Freeport, Galena and Dubuque.

The 2.30 A. M. and 7.30 P. M. Trains from Rockton and Beloit make close connection at Racine with Lake Shore R. R. for Kenosha, Waukegan, Chicago and Milwaukee.

The 9.45 A. M. Accommodation Train from Rockton and Beloit makes close connection at Racine with Chicago, St. Paul & Fond du Lac R. R. at Clinton, for Chicago, Janesville and Madison.

Steamers leave Racine for Chicago, Milwaukee and Sheboygan every evening. Also for Collingwood and Lake Superior.

Stages connect with all Passenger Trains, East and West, at Burlington, for Rochester and Waterford. At Elkhorn for Whitewater. At Springfield for Geneva.

☞ Passengers for Racine by the Morning Trains from Rockton can remain in Racine six hours, and arrive in Chicago or Milwaukee the same day.

☞ Freight taken with the utmost dispatch.

H. S. DURAND, President.
ROBERT HARRIS, Assistant Superintendent.
Nov1.

MISCELLANEOUS.

ELLIS WORTHINGTON,
ATTORNEY AT LAW,

WILL hereafter give his attention to the business of a General Land Agency, viz:

Purchase and Sale of Real Estate,
PAYMENT OF TAXES,
CARE AND MANAGEMENT OF PROPERTY,
Perfecting Titles and Conveyancing, and also Collecting and Securing Debts.

Having a full and complete Abstract of all the Titles to Real Estate in the City and County of Milwaukee, together with the Tax Sales and Records of Judgments in the several Courts, he is prepared to examine Titles to City Lots, and Lands in the County, and furnish Abstracts of the same. He will also give his attention to Negotiating Loans on Bonds and Mortgages, and making Investments.

☞ All communications relative to Real Estate in Wisconsin will be promptly attended to.

☞ Office in Ludington's Block corner of East Water and Wisconsin Streets. my9-1y

Until further notice, Express Passenger Trains will leave Michigan Central Depot, in connection with New Albany and Salem R. R. as follows:

LOUISVILLE, NEW ALBANY AND PITTSBURGH EXPRESS will leave daily, (Saturday's excepted) at 5 o'clock P. M., arriving at Lafayette the next morning, and at Louisville, by 3 o'clock P. M. the same afternoon. This Train also connects at Indianapolis with trains direct of the Indiana Central, Indianapolis, Cincinnati and Bellefontaine Railroads. For above mentioned places, one change of Passengers and Baggage between Chicago and New Albany.

CINCINNATI EXPRESS will leave daily, (Sundays excepted) at 8.30 A. M., arriving at Lafayette at 11.50, Indianapolis 3.00 P. M., and at Cincinnati at 9.50 P. M.—Baggage checked to Lafayette, Indianapolis and New Albany.

Through Tickets can be obtained in Chicago of E. J. Spaulding, corner of Lake and Dearborn streets, opposite the Tremont House, at Granite Block, cor. of Lake and Clark streets, at M. C. R. R. Depot, and at the different ticket offices in the West.

Freight trains to and from New Albany daily, and freights forwarded with promptness and at low rates, for which se joint agent with M. C. R. R. Co.

A. KNOWLTON,
jan1 Superintendent.

NEW YORK CENTRAL R. R.
Summer Arrangements for
1856. 1856.

THROUGH EXPRESS PASSENGER Trains leave Niagara Suspension Bridge and Buffalo, at 6 and 7.30 A. M., and 4.15, and 9.20 P. M., stopping at all the principal stations, and connecting immediately at Albany and Troy with Railroads and Steamboats for New York and Boston, and the principal towns in New England.

SUNDAY TRAINS from Suspension Bridge, at 9.20, and from Buffalo at 10.45 P. M., for Albany, New York and Boston, direct.

Through tickets over the N. Y. C. R. R. can be procured at all the Western Railroad offices, by way of Chicago Southern and Lake Shore, or Michigan Central and Great Western Railway, via Suspension Bridge to New York and Boston.

Contracts made, and despatch given to the transportation of Merchandize, Produce, Live Stock, &c.

C. VIBBARD, Gen'l Supt.

For further particulars, enquire of

G. H. COTTON,
Agent for Wisconsin, No. 218, East Water Street, Milwaukee. jy16-d1e-1184

Through to New York in 34 Hours.
THE ONLY ROUTE, MAKING SURE CONNECTIONS.

To Niagara Falls, Buffalo, Rochester, Utica, Hornellsville, Elmira, Binghampton, Albany, Troy, New York, Philadelphia, Boston and New England States, over the

MICHIGAN CENTRAL
RAILROAD,

AND
CANADA
BROAD GAUGE RAILWAY.

THE MICHIGAN CENTRAL RAILROAD has the advantage of an EXCLUSIVE TELEGRAPH LINE, used entirely for the movement of all trains, thereby avoiding a possibility of collisions or delays, so annoying on other routes.

Five Daily Trains Leave Chicago

5.00 a. m. Express Mail: making direct through connections.

7.40 a. m. Lightning Express: arriving at Niagara Falls or Buffalo next morning, New York 8.30 p. m., Philadelphia via Elmira at 10 p. m., Boston at 12 at night.

10.15 Cincinnati Express: starts at Cincinnati at 8.15 a. m.: connects at Lafayette with trains for New Albany, Louisville, Indianapolis, Dayton, Columbus, Zanesville, Wheeling, Pittsburgh, Philadelphia, Baltimore and Washington.

3.30 p. m. Afternoon Express: arrives in New York at 2 a. m. second day, or Boston at 1 p. m., Philadelphia at 5.50 second morning.

9.15 p. m. Night Express: arriving at Niagara Falls or Buffalo next evening, New York at 1 p. m., at Boston 5 p. m. next day.

All connects at Michigan City, (except Saturday) direct, with trains on N. Albany & Salem R. R. for New Albany, Indianapolis, Cincinnati, Dayton, Columbus, Zanesville, Bellefontaine, Union, Wheeling, Baltimore, Washington and Philadelphia.

☞ The trains on the Chicago, Burlington & Quincy, Galena & Chicago Union, Illinois Central and Michigan Central Railroads run into the same Depot at Chicago, saving the expense to passengers of back hire and transfer of baggage.

The 7.40 a. m., 3.30 p. m. and 9.15 p. M. trains make direct connections at Toronto with the

Grand Trunk Railway,

To Kingston, Ogdensburg, Montreal, Quebec, and all points in Canada East, Northern Vermont, New Hampshire and Maine.

It is well known by the traveling public that this Road has no competitor of equal facilities from Chicago to Niagara Falls, New York, Ogdensburgh, Montreal, &c., &c.

The only train that leaves Chicago Saturday night is over this route, 9.15 p. m. One train Sunday, at 9.15 p. m. No 9.30 train Sunday.

Baggage checked through to Niagara Falls, Buffalo, Albany, New York, Boston, Rimira and Philadelphia.

☞ Passengers arriving at Chicago by any of the Railroads, will find competent agents on the cars and baggage masters at the depots, to receive checks and conveyed their baggage to the Michigan Central Railroad Depot free of charge.

Through Ticket Good for Ninety Days,

Allowing holders to remain over and resume their seats, can be bought at the different offices in the West; also at the Passenger Depot, foot of Lake street, and at the General Ticket Office, corner of Lake and Dearborn streets, Chicago, opposite the Tremont House.

COLLECTING
—AND—
NEWSPAPER AGENCY!

THE undersigned having opened an office at No. 1 FURLONG'S BLOCK, is prepared to do a Collecting Business in all parts of Wisconsin, Northern Iowa and Minnesota, on the most reasonable terms, and with the greatest dispatch. Being well acquainted in those States, and having correspondents in all of the principal towns and cities, he flatters himself that he can give entire satisfaction to those who may entrust their business to his care.

There may be found also at my office, newspapers of the largest circulation published in all the principal towns in the State, with terms, &c.

Advertise your business, gentlemen, if you wish to prosper. Who ever heard of a man doing a successful business without advertising?

Gentlemen overhaul your drawers, pigeon-holes, note books, ledgers, &c., and see if you have not something that will pay to put into the hands of a Collector, for a sometimes collect hard debts. C. C. GIN,
Jan28-e126d1f No. 1 Furlong's Block.

OYSTER DEPOT.

No. 101 East Water Street, Milwaukee.

H. COOKE,
AGENT FOR C. S. MALTBY,

HAS commenced receiving the best kinds of Cans, Kegs, and Kits, containing, from Baltimore and New York, daily per express, which he will sell, wholesale or retail, at the lowest rates.

☞ Orders from families or dealers solicited.

Orders from the Country will meet with prompt attention, and goods shipped per first conveyance after receipt of order. sept4 W. H. FARNELEE, Agent.

TEETH FOR THE MILLION!

So Cheap that Poverty will not expense the public exhibition of

PROPRIETORS.
Under the Name and Firm of Rufus King & Co.

MILWAUKEE:
Thursday Morning, Feb. 19.

Now Ready for Delivery,
THE WISCONSIN ALMANAC
—AND—
ANNUAL REGISTER FOR 1857.

THIS PAMPHLET contains nearly all the valuable statistical matter of the Register of 1856, and 20 pages in addition, making 119 pages in all.

For sale, at 25c for single copies, at which price we will also forward them by mail, post paid.

Twenty copies and over, at 15c per copy. Fifty copies and over, at 12½c each. Orders accompanied with the cash promptly filled. Those sending from a distance will please [illegible] to how they shall be sent.

Address RUFUS KING & CO.

☞ Members of the Legislature can obtain copies of the Wisconsin Annual Register at DURRIE'S Bookstore, in Madison.

Constitutional Expenditures.

Appropriations for the improvement of our Lake Harbors and Western Rivers always encounter sturdy opposition from so-called "Democratic" Congressmen, and rarely escape the *veto* of Democratic Presidents. The customary and threadbare excuse for refusing this justice to the West is, that the Constitution does not authorize such expenditures. Usually the most earnest and persistent advocates of this narrow interpretation are the ultra pro-Slavery and Southern State Rights men. The same constitution, however, which forbids such appropriations for the promotion and protection of our inland commerce, never stands in the way of these zealots when some favorite project of their own is to be advanced. Thus, in the Senate on Tuesday, Mr. TOOMBS, of Georgia, offered and carried a resolution, directing the Committee on Commerce to inquire into the expediency of exploring the river Niger, *Africa*, (!), and Mr. BROADHEAD, of Pennsylvania, got a similar resolution passed, for surveying a route for a ship canal near the Isthmus of Darien. These may be very commendable and constitutional objects of Federal expenditure; but if Congress can rightfully appropriate money to explore the Niger; to survey a ship canal on the Isthmus of Darien; to fit out expeditions to the Amazon, the Dead Sea and the Arctic Ocean; to lay a telegraph line across the Atlantic; to restore the *Resolute* to the government of England; or to send food to the starving people of Ireland—assuredly and for much stronger reasons they can apply the public moneys to objects of Home interest and National importance, such as our Harbor and River Improvements. Let us hear no more of "constitutional" objections to these most necessary measures of domestic concern, while the public moneys are so freely lavished upon all sorts of foreign projects.

The Cabinet.

If the telegraph and letter writers can be credited, Mr. BUCHANAN has finally cast his cabinet as follows:

Secretary of State:—Gen. CASS, of Michigan, *vice* Ex-Gov. MARCY, of New York.

Secretary of Treasury—HOWELL COBB, of Georgia, *vice* JAMES GUTHRIE, of Kentucky.

Secretary of War—Ex-Gov. FLOYD, of Virginia, *vice* JEFFERSON DAVIS, of Mississippi.

Secretary of Navy—Ex-Gov. BROWN, of Tennessee, *vice* J. C. DOBBIN, of North Carolina.

Attorney General—Senator TOUCEY, of Connecticut, *vice* CALEB CUSHING, of Massachusetts.

Post-Master General—J. GLANCY JONES, of Pennsylvania, *vice* JAS. CAMPBELL, of the same State.

Secretary of Interior—JACOB THOMPSON, of Mississippi, *vice* ex Gov. MCCLELLAND, of Michigan.

The new Cabinet is decidedly "old-fogyish," and inferior, we think, in average ability, to that which it succeeds. Neither Mr. CASS, nor Mr. COBB, can make good the places of Messrs. MARCY and GUTHRIE, while the new Attorney-General is far inferior, in point of ability and accomplishments at least, to his predecessor.—As to the rest, it is about "an even swop." The new P. M. General cannot be *worse* than the present incumbent of that most important office, and may, it is hoped, be much better. The selection of FLOYD, for the War Department and THOMPSON for the Interior, both Southern men—is by no means auspicious to our Western Interests. Possibly, in spite of the positive averments of the telegraph, there may yet be a change in this Cabinet cast—but a few days will tell the story.

A Palpable Hit.

Our brief reference, a day or two since, to the attempted resurrection of Barstowism in this State, through the agency of the secret, midnight conclave at Madison, has roused the ire of the *Madison Democrat*, the central organ of that desperate faction. Its temper gets the better of its judgment, and it favors us with a volley of epithets, more expressive of wrath than reason. The *Democrat* could give us no better assurance that we hit the nail on the head, in what we said. We are more than ever satisfied, from its angry invective, that the aim of the "*star-chamber*" is to make *Barstowism* the test of democratic orthodoxy in Wisconsin, and to insist that the federal offices in this State shall be awarded to those only who swear "by the second Jackson." If we looked merely to the political consequences of this action and desired to secure, beyond all peradventure, the permanent ascendancy of the Republican party in this State, we should lend our heartiest aid to this movement. If Mr. BUCHANAN will only prove as compliant an Executive as "the Forty" hope to find him, and make them the especial almoners and objects of his Federal charities in Wisconsin, the Republican party will have easy work of it while his administration lasts.

THE CAUCUS RECOMMENDATIONS.—The Oshkosh *Courier* informs us that it did not intend to demur, or protest against the recent caucus proceedings of the Sham Democracy in the Legislature, but was only "curious to know by what right, or "authority they presumed to pass upon the "claims, or pretensions of any democrat to a "federal appointment." We trust that our inquiring brother will have his curiosity fully gratified in the premises.

As to the individuals recommended, the *Courier* rather fancies them; especially Mr. "SHARPSTEIN" of the *News*, whom it thinks "more than "a match for the *Free Democrat*, *Sentinel*, "*American and Wisconsin* combined," and to whose potent pen and powerful "influence" it attributes the increased democratic majority in this county. Without questioning the justice of this flattering estimate, we venture to suggest that it would be a great mistake to bury a man of such transcendant prowess in the Post Office. Where can the Sham Democracy hope to find another editor who is equal to all the rest of the fraternity in this city "combined?" Such acorns do not grow on every bush.

PURCHASE OF MOUNT VERNON.—Mr. Edward Everett continues his efforts to collect a sufficient sum for the purchase of Mount Vernon. It is stated in the Richmond Enquirer that he has already placed in the hands of trustees $12,000 at 7 per cent. interest, and $500 at 6 per cent. interest—the proceeds of his orations—for the benefit of the Mount Vernon Fund.

ARREST OF A BANK PRESIDENT.—E. C. Eachman, late President of the Lancaster Bank, was arrested on the 12th inst on the charge of embezzling the funds of the Bank, and held to bail in the sum of $12,000.

FROM MADISON.

Editorial Correspondence of the Sentinel.

MADISON, Feb. 17.

There appears in the Senate Journal this morning, a memorial signed by our old acquaintance, G. Van Steenwijk, and three others, in relation to the Kilbourn City Dam, or to speak more plainly, in favor of the repeal of the charter of the "Wisconsin Hydraulic Co." These gentlemen represent the rival interest of Newport.—They set forth that they have been conversant with affairs at Kilbourn City—that no improvements have been made by the Hydraulic Co. except the cutting of "some small grey pine trees on the river bank, and putting them on shore," in 1854, and the sinking of a crib of timber in November, 1855—that the said crib "was generally regarded as intended to impose upon the credulity of strangers." They say that Garret Vliet, in 1854, entered into bonds to the amount of $200,000 to build the dam and waterworks. That said bonds were returned by the holders, so that the Company might make easier purchases of property near Newport; but that the holders intended to rely upon the honor of the Company, who now repudiate the contract. The memorialists call for the repeal of the charter of the W. H. Co., so as to allow the holders of the original charter to secure the completion of the works according to their own plan. They further intimate their opinion that the actual outlay of the Company is not one tenth of what is represented.

The bill dividing the 6th ward of our city has passed both houses; the Senate having so amended [?] it, as to strike out the section abolishing the office of City Marshal, the House concurring. And herein is a wonder—that there should be twenty-five sensible people in Milwaukee who wish to have that office retained. It is a mere sinecure, amounting to nothing whatever of good to the city; only sufficing to pay a large salary to a messenger for the Common Council.

Mr. Grenfell has introduced a bill providing for the erection of boards at railroad crossings.

I was mistaken yesterday in saying that a bill is introduced for the purchase of the Percival Library and Cabinet. It was a resolution of inquiry by a committee on the subject, and was adopted this morning.

In Senate this morning, the bill was under discussion, authorizing the consolidation of the road which is to be built by the Galena people, (under the arrangement with the Mil. & Miss. R. R. Co.) to connect with the latter beyond Monroe. Mr. Simpson, of Lafayette Co., opposed the bill, on the ground that he feared the Mil. & Miss. R. R. Co. would not, if they made *that* connection, build the west end of their line. It looks mighty probable that that company will refrain from going right into the centre of the lead region, but stop a few miles this side of it.

ASSEMBLY STATISTICS.

By a chart just issued from the *Patriot* office, I gather the following statistics of the Assembly:

The oldest member is Mr. Wakely of Walworth Co., 68 years.

The youngest is Mr. Evans, of Racine Co., 23 years.

Sixty-seven of the 97 members have been in the State more than 10 years.

The member longest resident of the State is Mr. J. White, of Lafayette, 22 years.

The one resident in the State the shortest time is Mr. Jenkins, of Calumet, 1 year.

Nativity—Born in Maine 1, New Hampshire 5, Vermont 14, Massachusetts 7, Connecticut 3, New York 34, (total N. Y. and New England 61) Pennsylvania 3, Ohio 3, Kentucky 2, Indiana 1, Virginia 3, Canada 2, foreign countries 16.

Occupation—43 farmers, 2 bankers, 2 millers, 9 lawyers, 9 merchants, 6 physicians, 2 "operators" and "land agents," 2 printers, 4 lumbermen, 1 produce dealer, 2 manufacturers, 2 carpenters, 3 miners, 3 engineers, 1 blacksmith, 1 "servant," 1 "old tar."

In Assembly this morning, the number of bills received was but small, the members being doubtless exhausted by their extraordinary efforts in that line yesterday.

The subject of the chaplaincy came up in Assembly in the shape of a resolution by Mr. Lewis, to appoint Rev. Mr. Brittan chaplain for the rest of the session. To this Mr. Hale moved an amendment to appoint Rev. Dr. Cook of Appleton. There was some discussion, the old difference alluded to at the beginning of the session again coming up, and Mr. Mills "pitching in" in his usual style, and the Assembly finally tabled the resolution to get rid of it.

THE PERSONAL LIBERTY BILL.

This bill—which makes it the duty of all district attorneys to take active interest for persons claimed as fugitive slaves, requires all judges (including Courts) to issue writs of *habeas corpus*, prevents the acceptance of anything but positive oral testimony to establish a claim, makes all executions on real or personal property, past or future, void—came back from the Judiciary Committee to-day, with an amendment making the State refund the expenses of resisting seizures of property, &c. There was a motion to take it up out of order, which prevailed, and a contest ensued, the democrats urging that the bill ought not to be pressed at once, "before they had time to examine it."

Mr. Mills urged immediate action, inasmuch as there was a case existing to which it was desirable to have the bill apply. Mr. Mills took occasion to give the Assembly the benefit of his opinion of that "judicial tyrant, Judge Miller," who had already, and continued to "spit upon" the decisions of the Supreme Court of the State.

Mr. Lovell suggested to the democrats the consideration that this bill only carried out the doctrine of the resolutions of '98, which were approved in their Cincinnati Platform, in reference to state sovereignty.

The Assembly decided once to go on with the consideration of the bill, but on assurances from sundry democrats that they would not make any factious resistance to a final vote to-morrow, a reconsideration was moved, and the bill was made a special order for to-morrow at 11 o'clock, A. M.

The afternoon was spent industriously in committee of the whole. The Janssen bill was put over, at the request of Mr. Horn.

WATERTOWN & MADISON R. R. EXTENSION.

This bill occupied a good deal of time in the Senate in the afternoon. Mr. Barber and Mr. Barnes—the latter the Chief Engineer of the Company—took the lead in favor of the bill, and the latter made a very good speech in its favor. Mr. Dexter, during the time that I was present, made the most decisive speech against the project, and Mr. Giles, Chairman of the R. R. Committee, also defended their adverse report, both of them taking the ground that the proposed extension would interfere improperly and unjustly with the interests and rights of another company, which is building in that direction. The bill came out of committee without any recommendation, and the discussion will doubtless proceed in the Senate.

W. H. W.

SPANISH SILVER COIN.—The Officers of the U. S. Mint at Philadelphia state that Spanish silver coins, which are not clipped or punched, are in reality worth rather more than the American coins of the same denomination. The inconvenience of this currency is the reason for the law which proposes to get rid of them. The Bill for that purpose, passed by the House of Representatives, will be amended by the Senate so as to avoid if possible sudden movements against this currency—in which speculators only gain and the people lose. One of these Senatorial amendments will authorize the payment at the Mint, for two years to come, of the newly coined cents, in exchange for Spanish quarters, shillings and sixpences, at the full nominal rates of these several pieces.

In view of these facts Spanish quarters, shillings and sixpences ought still to pass current at their nominal values.

For the Sentinel.

Capital Punishment.

MR. EDITOR:—Your correspondent *Lex*, in Saturday's *Sentinel*, has thrown down the gauntlet, and invites discussion on the subject of Capital Punishment, and in his article, he has, in his own estimation perhaps, vanquished all that has been said on the other side of the question, and very modestly asserts that the "philosophers of progress,"—as he terms all who do not go in for the "bloody code,"—"have never yet been able to meet the arguments I (he) have advanced."

He says also that "the whole question is contained in a nut shell,"—"the main object of punishment is the prevention of crime," and here is where we agree perfectly, but let us consider for a moment whether the death penalty, does really prevent murders, or not.

All are well aware that Capital Punishment for murder has prevailed in all civilized States, as *Lex*, says, "ever since God pronounced to Noah his law for the punishment of the murderer." But has it had this effect? Are murders prevented because the murderer is put to death? Or rather has not the death penalty defeated its "main object?" The advocates of the death penalty surely have had time and opportunity enough to test the practicability of the measure, and if the history of the world teaches anything, it teaches that it has proved a total failure.

The friends of a milder code,—"philosophers of progress," have never had an opportunity to fairly test the course which they propose. To be sure in our own State we have not the "bloody code," and though under unfavorable circumstances, to test so momentous a question—being surrounded on all sides by the death penalty—and our population being made up in a great measure of foreigners, those who are stigmatized by the Know Nothings as the causes of nearly all the misery, pauperism and crime which exists in the country—and being one of the new States and until recently on the very Western frontier, where desperate characters are more often found than in the older and staid communities of the Eastern States—yet Wisconsin compares favorably with any other State in the Union, in regard to murders and crime. Take for instance the State of Connecticut, with but little more than half the population of Wisconsin—one of the oldest settled States—whose inhabitants are mainly descendants of the old puritans, who whipped people for not attending the orthodox preaching on the Sabbath—the state of pilgrim pride and boasted land of steady habits, and there have been more murders committed within her borders in the last two years, than there has been in Wisconsin, notwithstanding her penal code has incorporated in it this universal panacea for the prevention of murder. Far be it from me to detract one iota, from the fair fame and good name of Connecticut. She is a noble State, but the murders there committed, are to be attributed in a measure to the effect of the death penalty.

New York, too, has the death penalty in her code, but did that prevent the Bond Street murder, and the other five murders recently committed in the cities of New York and Brooklyn, of which no clew or trace of the murderers has yet been found?

Lex may make as many flings as he chooses at what he calls "miserable cant," which he "feels too impatient further to discuss." This is not the first instance of impatience to discuss a subject through a want of argument.

It is a well known fact that the frequency and enormity of crime is in proportion to the severity of punishment. The person is yet alive who witnessed hanging for horse stealing in England, and Macaulay tells us, that in the time of James II. a pobleman could not journey from Manchester to London, without great danger of being waylaid, murdered and robbed, unless protected by a body guard and yet highway robbery was then punished by death, and England then had her Judge Jeffery.

Communities are in some respects like families. Let a parent govern by the law of force, and wield the rod of iron instead of the mild law of love, and experience teaches that the children will be rebellious and defy his authority,—whereas, when they are put upon their good behavior, their demeanor is obedience. So in community, the more severe, the more barbarous the laws, the more desperate characters there will be found to put such laws at defiance. The very severity of the laws draws out the desperation in their characters. Mr. Goodrich, in his "Experience of a Life Time," tells us, that for several weeks succeeding the Revolution in Paris in 1848, which overthrew the monarchy of Louis Phillippe, there was no government of any kind, and that the masses in that city, were under no restraint whatever, except their own inherent notions of Right and Justice, and yet there was no violence committed,—no lives were jeopardied and property was secure,—he being an eye witness. Does not this fact tell powerfully in favor of mild laws?

Lex says that "the fear of death is the most powerful motive which influences man." *Lex* must be either deplorably ignorant, or is very loose in his statements. Is the fear of death the most powerful motive which influences the warrior when he rushes into battle and faces the very cannon's mouth? yet he knows that thousands, yea millions have been slain in battle, and does their fate deter him? or is some other motive the powerful one which influences him to action? So in a thousand ways will men risk death, being incited to action by various motives, each being more powerful than the fear of death. This fact is too well known to even need assertion.

Warriors have been slain in battle, yet other warriors knowing as they do that they are risking their lives, go to battle. Men have perished on the sea,—by accidents on Rail Roads—in steam boats—and in a thousand ways; yet men are not deterred from going to sea, or travelling, in steam boats nor by Rail Roads, through the fear of death. Murderers have been put to death, and some have escaped, yet the murderer is not deterred from the commission of his crime through the fear of death. He is influenced by a more powerful motive than that, else he would not be a murderer.

I have extended this article to a much greater length than I intended, but if *Lex*, or any one else will point to a community which has the death penalty in its code and where there are less murders than in our own State, then would our Legislature do well to consider the enactment of the proposed death penalty which is before it. But until it is so shown, would it not be well for them to let the statute remain as it is in this respect, and pause before they bring upon this State all the horrors and murders which curse older, and less enlightened communities, and which experience teaches are sure to follow the enactment of the death penalty.

MILWAUKEE, Feb. 18. E.

COAL BURNING LOCOMOTIVES.—The Hudson River Rail Road Company have lately added to their stock two new large locomotives, the Tivoli and Irvington, the last being a coal-burner of 80 horse power and weighing 55 tons. It cost over $15,000—was built at the Essex Works, Mass., and made its first trip on Monday last, under the direction of Mr. Briggs, one of the oldest engineers on the road. It is said that coal-burning is one-third less expensive than wood. The Hudson River Rail Road Company use about 70,000 cords of wood annually. They have 60 locomotives in working order;—3 of these are coal-burning locomotives, viz: the Tivoli, Irvington and Stuyvesant.

POST OFFICE APPOINTMENT.—The President, by and with the advice and consent of the Senate, has appointed Edward Eastman, Esq., Postmaster at this place for four years from the 4th inst. Mr. Eastman has held the office since the summer of 1853, and has discharged its duties to the entire satisfaction of our citizens, and of the department at Washington. The increase of the business of the office has been such that our P. M. now ranks among the Executive appointments.—*Oshkosh Courier, Feb.* 16.

For the Sentinel.

The Lunatic Asylum.

MESSRS. EDITORS:—I notice in the letter of your Madison correspondent, of the 16th inst., a remark in reference to my proposition to build a Lunatic Asylum and care for the Pauper Lunatics, of the State, which would lead to the conclusion that I had represented that a contract is in existence between Gov. Farwell and myself for a conveyance of the real estate which the State had returned to him, after the repeal of its Lunatic Asylum Bill. I beg leave to correct any such impression. There *did* exist such a contract, but my proposition expressly stated that Gov. F., had objected to complying with his part of it. If my proposition carries with it the idea that the contract between us still exists, it does not express what I intended it should; and I now say, that for a consideration it was cancelled, and my object was simply to offer a bonus of $3,000 to the State, if it would become the party in the cancelled contract in place of Gov. F. Yours Respectfully, &c.,

ALFRED L. CASTLEMAN.

Feb. 18th, 1857.

THE WEATHER AT ST. PAUL.—Mr. McLeod who has been a resident of Minnesota for nineteen years, informs the *Pioneer*, that he has never known so many instances of death by freezing as having occurred the present winter. Also, that he has never known as much stormy weather as has prevailed this winter. The St. Anthony *Express* mentions, that the bodies of two men who had been frozen to death, were found about nine miles above Fort Snelling. They were supposed to be Irishmen, but their names were unknown.

STEAM FIRE ENGINES.—The Common Council of New York have ordered two steam fire engines, to cost $3,500 each, from Messrs. Lee & Larned, of that city. They are to be furnished with Larned's patent boilers, the peculiarity of which consists in having tubes within tubes, so as to insure an immensely great surface with but little weight of water, each capable of bearing an ultimate strain of 150 pounds to the square inch, and to be *safe* under a pressure of 150 pounds. They are to have a total fire surface of 360 square feet, and to be capable of throwing 550 gallons of water per minute through a 1¾-inch nozzle.

GREAT HUNTING!—A correspondent of the Jackson County *Banner*, writing under date of SUMNER, Wisconsin, July 31st, tells the following tall hunting story which, we think, can't easily be matched outside the Badger State:

MR. EDITOR:—Messrs. Scott, Hale, Close and others, neighbors of mine, started a drove of *Elk*, on the 27th inst., about seven miles northwest of this place, and succeeded in taking fifteen of the "critters." There were thirty in the drove. Mr. Hale jumped upon the back of one (before it was wounded), and rode it down a hill some rods. He kicked like a "hoss" to get him off.

Yours, G. S. MCCORMICK.

People's Candidate for Chief Justice.

We copy elsewhere from the Plattsville *American*, an article respecting the approaching election of Chief Justice of the Supreme Court, to which we invite attention. That paper raised the name of the present incumbent, Edward V. Whiton, for re-election, as the almost universal choice of the people in that portion of the State. The same feeling, we believe, exists throughout the State. Without disparaging others, we can say, with safety, that there is no other man in the State possessing so largely the confidence of the people and of the bar; no other possessing in so pre-eminent a degree, the essential qualification for that high position—the learning, sobriety of judgment, impartiality, personal dignity and purity of character which should be found united in a judge. While life and health are spared him, and while he will consent to serve the people in that capacity, we hope that he will be continued in the office, and believe that he will be. The fact that four years ago, the people by a spontaneous movement, and in face of a partizan nomination by the party then largely in the majority, elected Judge Whiton to the Chief Justiceship, was the strongest evidence they could have offered of their capacity to elect their own Judges, and satisfied us of the propriety of an elective Judiciary.—*Madison Journal, Feb.* 17.

Correspondence of the Daily State Journal.

Juneau County Election.

New Lisbon, Feb. 11, 1857.

Messrs EDITORS:—At the recent election held on Tuesday, Feb. 3d, for County Officers for the new county of Juneau, the following gentlemen were elected:

For Sheriff, Geo. Nichols; for Register of Deeds, Horace Caswell; Clerk of the Board of Supervisors, C. F. Cutter; for County Judge, Daniel Schermerhorn; for Clerk of the Court, M. F. Lyon; for Treasury, Geo. McCafferty; for District Attorney, F. Winsor; for Surveyor, C. D. Rogers, for Coroner—Rodhaway.

Owing to the strong local feeling, the campaign was not carried on as regards politics, therefore the Democrats have all the officers but two.

We have only from two and a half to three feet of snow on the level here. Sleighing is grand. Yours, &c.,

R. B. RICE.

From Nicaragua—The Allies Masters of the Route—Walker Hemmed in.

A gentleman who arrived last night in the George Law informed our reporter that the steamer Sierra Nevada left Acapulco on her return to San Francisco, the day before the Golden Gate touched there, having been unable to land her passengers at San Juan del Sur, that place being in the possession of the allied forces. The steamship Orizaba, which sailed from San Francisco a few hours after the Golden Gate, with passengers for the Atlantic States, and recruits for Walker, would therefore be obliged to proceed to Panama, or return with her passengers to San Francisco. It appears that, fearing that the Transit Route would be in the hands of the Costa Ricans, the passengers by the Orizaba contracted before leaving San Francisco, that if such was the case they should be taken on to Panama. The Granada, from New Orleans, was detained six days at Havana, and could not land her passengers at Punta Arenas, but was compelled to proceed to Aspinwall, where, being too late for the steamship John L. Stevens, they were obliged to wait four or five days at Panama for the arrival of the steamer Golden Gate, by which they were to be taken up to San Francisco. In all probability the filibusters that left here on the 29th of January by the Tennessee will be obliged to return. The steamer Granada was to leave Aspinwall for Punta Arenas for three hundred of Walker's recruits. Having abandoned their crazy design of proceeding to his assistance in the rickety steamer which Capt. Scott had given them, and petitioned the Costa Ricans for a passage back to the United States, the British Consul interceded in their behalf, and they were returned in the Granada. There is no news from Walker: but hemmed in as he must be, according to this account, between the allied forces, with both ends of the Transit route in their possession, and all his supplies cut off, his chances of escaping from the country would appear to be extremely small.—*New York Tribune, Feb.* 14.

"OLD DEMOCRATIC BEERS."—The Berks county (Pennsylvania) School Report is a curiosity, we clip the following:

"In one district not a scholar in the school could tell me in what county he lived, and when I held up Holbrook's five inch globe, the oceans painted blue, and asked what it was, a large boy, at least seventeen years of age, replied, "a bird's egg!"

"Soon after this I visited another of an uproarious character. There were several *infants* here, who were not old enough, according to law, to be admitted. The teacher said she had been informed by a director that the parents of these babies would pay her for taking care of them, and very artlessly inquired *what she ought to charge.*"

DESTRUCTIVE FIRE IN BROAD STREET.—Loss $100,000.—This morning, about 3 o'clock, a fire was discovered breaking out in the third story of the building No. 26 and 28 Broad st., extending through to No. 65 Exchange Place, all occupied by Cleveland & Co., as a packing and refining establishment.

The firemen were very active in their efforts, but the above concern was entirely destroyed. Loss about $100,000 which is partially insured. The flames extended to 24 Broad street, and caused about $4,000 damage.

This building was occupied by Dale & Co., commission merchants, on the first and second floor, and by Vapelar & Co., importers of French goods, on the third and fourth floors. The latter were the heaviest losers in this building.—*N. Y. Mirror, Feb.* 13.

ALBANY, Feb. 18.

The flood continues rising and falling alternatively.

The repairing on the Hudson River Railroad has been stopped,

The weather is very mild and damp.

For the Sentinel.

Gentle Words.

How sweet are words of kindness
From those dear lips we love!
How like celestial favors
Showered on us from above!

The heart all seared with sorrows,
Revives and lives again,
Like fainting summer flowers,
'Neath gentle summer rain.

The ways of life are thorny,
And set with snare and wile;
No "flowry paths" are trodden,
Except when dreams beguile.

And every year we wander
Along the dreary maze,
A deeper tinge of sadness
Comes o'er the mental gaze.

'Tis true the cloudy curtain
Above us sometimes parts,
And sudden gleams of sunshine
Fall on our aching hearts.

They are those words of kindness
That greet our waiting ears,
From friends whose lengthened silence
Is counted up in years.

I guard those wordy treasures,
As miser guards his hoards;
How costless, yet how priceless
Are sweet and gentle words!

OWEN GLENDOWER.

MILWAUKEE, Feb. 18, 1857.

Meteorology—The Great Snow Storm of January.

Lieut. MAURY, of Washington Observatory, has published, in the National Intelligencer, an extensive table of the thermometer, and of the winds, at the beginning and end of the great snow storm, which occurred on the Atlantic coast in January. These observations are very interesting, but the results will be understood from the following extract from his letter. This table affords full confirmation of a fact, which had been observed and commented on as a law of storms, many years since. It is this: That what is called a north-east storm *moves* directly in opposition to the apparent *direction of the wind*. That is—a north-east storm really comes from the southwest. This is illustrated in Lieut. MAURY'S remarks. He says:

From Bertie county, North Carolina, to Washington, the course of the storm was due North, and the time three or four hours. From Washington to New York it was about fourteen hours on the march, with a furious gale right in its teeth, thence to Boston it blew at railroad speed, making the distance in six hours; and thence it arrived at Portland, Maine, at 11. P. M., of the 16th, thus making its march in the "wind's eye" from North Carolina to Maine, in about twenty-six hours.

The cold, the wind, and the fall of snow, all of which were marked by violence, appear each to have had it own rate of march.

How far this storm may have been felt out at sea is not yet known, for there has not been time to receive reports from the vessels that are co-operating with us in these investigations. It is known, however, that the storm extended as far as Nova Scotia.

The fury of this storm had been unequaled for many years. Never since the establishment of railroads has there been such an interruption of travel or hindrance to the mails. It illustrates in a very striking manner the necessity—if we wish thoroughly to investigate the laws which govern the movements of the great aerial ocean on which we live—of extending our meteorological researches from the ocean to the land. What though this storm may have had its origin on the land, it caused many and dreadful shipwrecks along the shore and disasters at sea.

The appliances which, in the progress of the age, have been placed within the reach of men of science would, had the power of using them been possessed by these men, have enabled them to give timely warning of the approach of this storm to many whose lives such warning would have saved.

If the system of daily weather reports through the telegraph which you have recommended for the Observatory had been established, New York and our shipping ports might have had from eighteen to twenty-four hours' warning in advance of this storm: the industrial pursuits of the country and the convenience of the public, as well as the shipping interests, might all have had the benefit of such foreknowledge: for the telegraph, the press, and the mails can outstrip the wind, and spread the news of its coming faster than it can run.

Are you aware that at this season of the year the average number of shipwrecks is about one American vessel for every eight hours, and that the total value of the losses at sea for the month of January is set down at something like four millions of dollars?

How many of these losses would have been spared the country, could a few hours' warning have been given of this storm alone, to say nothing of others.

DIED.

On the 17th inst., at her residence, in this city, Mrs. JEMIMA HARRISON, aged seventy-one years, two months and nineteen days, of apoplexy of the lungs.

Friends of the family are invited to attend the funeral at their residence, No. 284 West Water street, (4th Ward) Thursday, February 19, at two o'clock, P. M.

COMMERCIAL.

THE MARKETS, &c.

PRICES OF THE DAILY SENTINEL, MILWAUKEE, February 20, 1857.

Received by Mil. & Miss. R. R.—101 bbls flour, 10,424 bu wheat, 40 do oats, 80 do potatoes, 271 hides, 6 bbls pelts, 1 car horses.

By LaCrosse & Milwaukee R. R.—361 bbls flour, 5,987 bu wheat, 299 do barley, 78 bdls rags, 51 hides, 112 pelts, 15 tons pig iron, 28,959 lbs pearlash, 4 cds lumber.

Good receipts of wheat, yesterday. Market quiet, prices unchanged and transactions limited. We quote:

WHEAT—92@94c for Club; 1,06@1,10 Winter.
BARLEY—1,55@1,45.
RYE—65@70.
OATS—40@42.
CORN—45@50.
POTATOES—50@75.
BUTTER—15 @20.
EGGS—18 cents.
PORK—scarce and firm, $5,50@6,00 for good hogs.

The weather changed, Tuesday night, and yesterday was wintry in look and feel, with symptoms of another snow storm at night.

The Illinois Canal.

CANAL OFFICE, Lockport, February 26, 1856.

JOHN H. KINZIE, Esq., Collector, Chicago—

DEAR SIR:—The Canal has been considerably damaged by the unusual freshet.

There are several breaks in the canal from the Desplaines between this place and Chicago. Some damage at Joliet. One break between Joliet and Rock Run. The Du Page dam, river bridge and pier, also new tow path bridge, abutment and pier, and about 7000 cubic yards of embankment, filling and lining are gone at Shannahan. Half or more of the Kankakee feeder dam has gone out. 70 to 80 rods of the Fox River feeder embankment more or less gone. The guard lock at head of feeder is considerably damaged. The Pecanecagan Aqueduct is damaged some, one gate at lock 14 is broken down. There are a large number of small breaks in the embankment and a good deal of earth deposited in the canal.—The full extent of damage cannot be known until the water recedes. It will cost $20,000 to repair present damages. I hope to get canal repaired and open for navigation early in May, probably sooner. Much will depend upon the stage of water and weather. Will open canal from Joliet to Chicago usual time. Please advise boat owners and forwarding men.

Yours truly
JNO. B. PRESTON, Gen'l Sup't.

PROVISION AT CHICAGO.—We copied from the Chicago *Tribune* of the 17th inst., what purports to be a statement of the produce in store at Chicago, viz: 83,799 bus wheat, 11,456 bbls flour, &c. It appears from yesterday's *Tribune* that this was a statement of produce in store at Quincy, Illinois, copied into the *Tribune*, accidentally without credit. The *Tribune* adds:

A much larger amount of course, is stored here; the wheat alone, is estimated by some fancymasters at as high as 600,000 bushels, but probably 400,000 bushels would be nearer the correct amount. It has been our annual custom to lay before our readers a statement of the amount of produce held by the warehouses and mills in the city about the 4th of March. In accordance with this custom we shall soon do so again, when we trust our figures may be relied on as correct.

NEW YORK CENTRAL RAILROAD.—The following is a comparative statement of earnings of the New York Central Railroad during the month of January, 1856, and 1857:

1857	$462,262 14
1856	247,164 30
Inc. over	15,097 84

MARINE INTELLIGENCE.

The Collingwood Steamers.

We are happy to learn that arrangements are on foot to place a line of steamers on the route from Collingwood to Chicago, during the ensuing season, without any expense to the Northern Railway. When we mention that the well known Ontario steamboat owner, Captain Van Cleve, is interested in the matter, and also Mr. Ward, of Cleve, it is enough, we give the best assurance that the line will be efficient in all respects. The prospect of business on the route during the coming season are very favorable.—*Toronto Globe, Feb.* 14.

Milwaukee Relief Association.

PROVISIONS AND CLOTHING are very much needed by the Association. Donations can be sent to H. REED'S No. 235 East Water street, until further notice.

By ORDER OF THE MANAGERS.

Milwaukee, Jan. 12, 1857. jan13d1f

SPECIAL NOTICES.

BADGER STATE SAFES!
FIRE & BURGLAR PROOF!

THE WIDE EXTENDED and constantly increasing reputation which our safes have acquired, for unequalled durability and finish, warrants us in calling the attention of the public to our increased facilities for manufacturing the same.

The numerous improvements which we have added to our Steam Works, (Nos. 215, 217 and 221 East Water St.) places us beyond the reach of competition in our line of business.

The severe tests which the Badger State Safe has stood both in this city and elsewhere, establishes its proof against fire and water, for the protection of valuables.

All orders promptly attended to. Address
BERLINER & BRUNO,
Manufacturers, 215, 217 & 219 East Water St.

POLICE COURT, FEBRUARY 19.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

John Van Alse, drunk, fined $1.

Rosetta Lindsay, drunk and disorderly, fined $5.

Michael Wilson, vagrant, fined $8.

John Conners, charged with assault and battery, case continued to February 25th, at 10 A. M.

CHARGED WITH ROBBING A BLIND MAN.—A warrant was applied for and issued against a man named John Clancy, charging him with robbing a poor blind man of $50 in bank bills. When asked if he could write, he said "yes, but I'm stone blind, and can't see daylight even; to the best of my knowledge that's the man that stole my money."

The blind man is named Edward Dolan, and he was stopping at Clancy's house, in the Fourth Ward, at the time he was robbed. Clancy was arrested by Policeman Rice, and on searching the house there was some property found, which is said to have been stolen. The Court referred the officer to the Grand Jury, stating that if that body was in session he would not hold an examination.

A NUISANCE CASE.—In the afternoon a man named Francis Heisenman was found guilty of having deposited a nuisance, the contents of a privy, on a lot in front of General Paine's residence. The Court fined the defendant the highest amount the ordinance permitted, the fine and costs amounting to *thirty dollars and seven cents, or fifty days imprisonment in the County Jail* if the fine was not paid.

The Police Justice requests us to say that every person convicted of this offence will be punished with the utmost rigor, and that he will put an effectual stop to the depositing of nuisances anywhere within the city limits.

CIRCUIT COURT, FEB. 18.

HON. A. W. RANDALL PRESIDING.

The case of John G. Belanger vs. Hans Crooker, suit in ejectment, is still in progress

In the afternoon, Horatio N. Snow was arraigned upon an indictment charging him with embezzlement—stealing $140 from Cooley's Express Co. The defendant plead not guilty, and was admitted to bail in the sum of $600 for his appearance to stand trial. The case, on simply a verbal application of his counsel, was continued to the next term. This, we have no doubt in saying, is equivalent to the end to a discharge We are among the last to prejudice any man's case, but with the record of the past term, and the numerous cases in which new bail, big bail, and even good bail has been given, and the parties slipped through without a trial in the end, we are bound to notice these cases as they become public.—Now, like many others who although indicted, have never been tried, and their bail bonds never sued, has wealthy relatives, and hence he stands a good chance to slip through the meshes of the law and escape punishment. We know of any number of cases with the guilt clear as noon-day, in which bail was given, the cases continued from one term to another, no trial had, and *it was never intended there should be one.*

Knowing these facts, we should be guilty of criminal participation in them if we failed to give them publicity. One of the most certain modes to prevent an increase, of course is by its prompt and certain punishment.

John B. Gough at "the Albany."

JOHN B. GOUGH arrived yesterday afternoon and spoke last night to a full house, notwithstanding the weather and the unusual attractions elsewhere He will speak *to-night* and to-morrow evening at the ALBANY.

Mr. GOUGH gave his farewell address in Chicago on Tuesday evening to a larger audience than ever before assembled in Metropolitan Hall. The Hall was jammed and hundreds were sent away, because there was no room.

MILWAUKEE-BUILT FIRE ENGINES.—We have now in our Fire Department two engines built by Mr. Mr. HOWLAND, of this city, mainly after plans and designs of his own. The first of his make, No. 2, though an awkward looking machine, and needing rather too frequent repairs, is quite a powerful engine and has done good work at fires. The new engine, that for Ocean Co. No. 5, is unon the largest and heaviest machine in the Department. It cost $9,500, and looks as well as it works. The plan differs from that of No. 2, and, indeed, from any fire engine we have ever seen. It combines a number of important improvements of Mr. HOWLAND'S own invention. We think No. 5 the most powerful and efficient fire engine to be found in any of the Lake cities.

Mr. HOWLAND has been authorized by the Council to build another engine, similar to No. 5, for Engine Company No. 6, who have used the old machine of No. 2 ever since their organization and have rendered excellent service with it. No doubt Mr. HOWLAND will endeavor, in the new machine, to improve upon any that he has yet built. We are glad to see this encouragement extended to home industry, and hope the preference will always be given to our own mechanics in work for the city. If any of the cities, towns, or villages in our State, are thinking of buying fire engines, we advise them to try Mr. HOWLAND. He will build them just such engines as they want and on terms, we think, that cannot fail to be satisfactory.

JOHN B. GOUGH.—This distinguished apostle of Temperance made his farewell address in the city to a crowded audience in Metropolitan Hall last evening.—Every available spot of sitting and standing room was occupied.

At the close of the lecture, Rev. Mr. Curtis, in behalf of "two hundred ladies" of this city, presented to Mr. Gough a beautiful casket filled with gold coin, and a rich alabaster vase, the whole cost of the testimonial being five hundred dollars.

Mr. Gough responded in a few appropriate remarks.—*Chicago Dem. Press, of yesterday.*

Mr. GOUGH will speak in the spacious Hall of "the Albany" *to-night.* Let all who can, go and hear him.

BREWERY VAULT CAVED IN.—A new vault built by O. T. MILES & Co., of the Menomonee Brewery, fell in Tuesday morning, from the effects of the recent thaw. It was 180 feet long, by 16 wide, and the loss, from the accident, must be four, or five thousand dollars.—Symptoms of weakness had been discovered in the vault, a day or two previous, and it was empty at the time it gave way.

TRUSTEES OF MILWAUKEE FEMALE COLLEGE.—The following gentlemen were elected to the Board of Trustees at the annual election held yesterday—the term is three years.

J. H. VAN DYKE, C. J. HALEY, S. B. GRANT, PETER MARTINEAU and WILLIAM E. CRANE.

HOSE COMPANY BALL.—A goodly company gathered at "the Albany," last night, to enjoy the Promenade Concert and Ball of Supply Hose. Leland's Chicago Band furnished the music, which was of the best, and kept the dancers in merry motion till far into the night. The entertainment was a most successful one.

MASQUERADE DRESSES.—Mr. RITTIG, at the Hotel Wettstein, corner of Market and Oneida Streets, has a full supply of Masquerade Dresses, on hand, for the Carnival. See his advertisement.

CITY LAND OFFICE.—WALL advertises four dwellings to rent, and some Real Estate, at a bargain.—See his notices.

REAL ESTATE SALES YESTERDAY.—Mr. J. S. FILLMORE, Land and Collecting Agent, No. 348 E. Water st reports the following registered sales of Real Estate:

Laughing.

Laughing does a person good,
Muscles exercising;
Helping to digest the food—
So 'tis not surprising
That by laughing all grow fat,
Chasing off the yellows,
Dark blue devils, and all that—
Laugh, then, jolly fellows.

Persons who frequently indulge in a hearty laugh and Merrick's Sugar-Coated Pills, are rarely ill. If, then health is so cheap, who would be such an ass as to be sick? Merrick's Sugar-Coated Pills sell for 25 cents for family boxes.

Rice & Stevenson, No. 68 East Water St., Wholesale Agents, who will supply the trade at Proprietor's prices. feb18d1w

NEW ADVERTISEMENTS.

BALL

OF THE

BLACK YAGER COMPANY!

BOSWORTH.

A CARD.

THE UNDERSIGNED, having relinquished their Retail Department will from this date confine their sales exclusively to the Jobbing Trade. This will enable us to devote our entire capital and attention to this branch of our business, adding to it increased facilities and a determination to place our goods in the market in competition with any House in the West. A long business experience has enabled us to form the most favorable connections with the largest manufacturing and importing Houses in the country. The quality of our goods will always be of the highest standard. Our stock will always be full and complete, embracing Drugs, Paints, Oils, Chemicals, Naval Stores, Dyestuffs, Window Glass and Ware, Brushes and Perfumery &c. &c., to which we would direct the attention of cash and prompt time buyers, as we feel assured that our mutual interests will be promoted by so doing

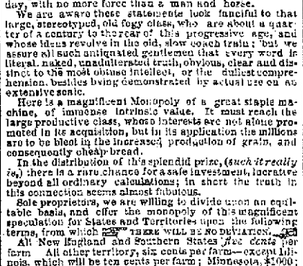
A REVOLUTION IN FARMING!



Corn Planted by Machinery.

A SUBSTITUTE for the slow and tedious process of planting corn has long been a desideratum; but until now the labored efforts of inventive genius have failed in its production, though years and much money have been spent to accomplish so great a piece of mechanism.

Some estimate of the importance of an invention that will materially facilitate the production of this great staple may be formed from the fact that in 1856 near 500,000,000 bushels were raised in the U. S., exceeding in value all other grains, with the entire cotton crop in addition.

The present universal method of planting this great crop is (after the ground is ploughed) by marking on the surface 3½ or 4 feet apart each way, and in the angles thus formed, a man drops 4 or 5 kernels, and covers with a hoe at an expense of $2a1 25 per acre; but failure of part and sometimes the whole crop results from the difficulty of obtaining sufficient force at the proper time in the spring to secure the planting at the most critical period.

Practical men understand this everywhere. Numerous devices and machines have been made, but failure has only resulted. A plan perfect in one respect was certain to fail in another, so as to render the whole worthless.

No machine until now has been made to meet the universal demand of the farming interests in HILL, chicken or negro proof, so as to enable him to cultivate with plough and horse-hoe the crop—both ways between the rows.

Drill planting is abandoned because of the impossibility of cultivating but in one direction.

The long wished for machine has been invented and perfected by a young Scotchman, and is the result of three years unwearied efforts, patient investigation and the application of scientific and mechanical principles to accomplish a desired object.

The device is entirely new, simple and beautiful, working automatically and yet so ingeniously and naturally as almost to appear the result of instinct.

What Whitney's great invention did for cotton this greater invention will do for corn, viz: augment the quantity and diminish cost.

No description could convey a clear idea of its peculiar and simple mechanism.

Without any Gogs, Band; Pullies, Cranks, Shafts, Springs, Levers, or Gearing of any kind, with a horse, guided by a man, this machine will plant in a neat and perfect manner the following described work, being what is wanted by every farmer:

1st. Furrows out the ground any required depth.

2d. Deposites corn in even kernels as directed, in a space of 4 inches diameter mathematically in the HILL equidistant, in one-tenth of a second.

3d. Covers the HILLS and presses the earth as you do with a hoe.

4th. Marks actually the position of each HILL.

5th. Deposits, if wanted guano, Poudrette ashes, lime, plaster, or other commercial fertilizers exactly in the HILL.

And 6th. Also, sticks the pumpkin or squash seed in the HILLS at the usual distances, as now done by hand.

And all this at a cost of 60 cents per acre, or one cent a chine, and 10 cents per acre by a double one—10 acres being planted by the first, and 20 by the second, in one day, with no more force than a man and horse.

We are aware there is a popular look fanciful to that large, stereotyped, old fogy class, who are about a quarter of a century in the rear of this progressive age, and whose ideas of slow coaches and horses are such that we assure all such antiquated gentlemen that every word is literal, naked, unadulterated truth, obvious, clear and distinct to the most simple, and easy of the dullest comprehension. Besides being demonstrated by actual use on an extensive scale.

Here is a magnificent Monopoly of a great staple machine, of immense intrinsic value. It must create a large productive class, whose interests are not alone promoted in its acquisition, but in its application the millions are to be blest in the increased production of grain, and consequently cheap bread.

In the distribution of this splendid prize, (*such it really is*), there is a rare chance for a safe investment, lucrative beyond all ordinary calculations; in short the truth in this connection seems almost fabulous.

Sole proprietors, we are willing to divide upon an equitable basis, and for the monopoly of its working but one speculation for States and Territories upon the following terms, from which ☞ THERE WILL BE NO DEVIATION.

All New England and Southern States *five cents* per farm. All sitting six cents per farm—except Illinois, which will be ten cents per farm; Minnesota, $1000; Kansas and Nebraska, $500; California, $600.

New York State is left out in consequence of full parties who wish to invest in limited sums. The census of the United States in 1850 will be the basis of estimate.

Terms of payment liberal and accommodating; and to a company who may take the whole State we will not sell at a fair figure We invite the public to examine this subject, and will exhibit the machine with pleasure, but especially to those who later an interest in the material progress of this inventive age, as well as to those who cannot fail to find this an available medium of replenishing their exhausted pockets, or augmenting their already ample resources.

P. S. We have made provision for the supply of all orders, for machines for machines at $15 each with the territory, or $10 without territory, if ordered immediately the territory from which such orders come is sold; and when transferred will make an equitable discount in price of territory, for machines thus delivered. Each purchaser of State or territory, is to report the number of farms in their territory; and if not ready to manufacture for ensuing spring sales, we will furnish by 100th or more at a shade advance on cost, leaving a margin sufficient to satisfy the most exacting cupidity.

Address our entire agency at Friend and Market streets, near Boston and Maine Depot.

Boston, Mass., Jan. 20th, 1857. HARLEY & CO.

CHARLES ENSIGN,
DUSMAN & CO.,
feb17-tf Agents for Milwaukee.

Notice Extraordinary!

WE WOULD NOTIFY the merchants and the public generally in the Western States that the Match Manufactory of R. W. PIERCE & CO., Milwaukee, Wis., is in full and successful operation, notwithstanding the declarations of a match concern in Detroit, Mich., that our establishment had burned down—that R. W. PIERCE & Co. had failed—that no more R. W. PIERCE'S matches would be seen in market, &c. &c. We are well aware that all such assertions will in due time recoil with bad effect upon the party who originated them, and what we wish is, that the public should be set right in the matter. We now have facilities for manufacturing matches as cheap, or cheaper than any other establishment in the West, and as to the quality, we will leave those who have used them for the last thirteen years to be the judges, and will only remark that our business has increased from less than $10,00, in 1844, to more than $250,000, in 1856.

All orders for matches promptly filled.

Beware of Counterfeits!

☞ None genuine unless labelled R. W. PIERCE, R. W. PIERCE & CO.

Milwaukee, Feb. 17, 1856. feb17e265d3w3mw

CALEB WALL.

City Land Office.

Albany Buildings, - - Michigan St.

I CALL your attention to some property left with me for sale, and I think a bargain:

Lot 9, Block 121, Seventh ward, on Main St.

Brick House and lot on Jackson St., a bargain.

Two Houses and lot on Jackson St., Seventh Ward.

Another Brick house on " "

At a great bargain a lot 12, and 80 ft. Lot 11, Block 124, First Ward.

Also Lot 1, in Block 105, 7th Ward.

This lot is south road to be sold at a great bargain, and the great reason why this to be sold, is, because the owner of it wants money. It must be sold for cash, or its equivalent at a great bargain.

Also 160 ft. of quarter block 83, on Astor St., 1st Ward.

Also Lots 8 and 9, Block 129.

I have some fifty lots in Milwaukee Proper that I will sell at a bargain either by single lot, or all of them, on easy terms.

Also lot 4, block 103, 7th Ward, at a bargain.

I would also remind all that bonds and mortgages are bought and sold by me.

CALEB WALL
City Land Agent and Auctioneer.

N. B.—I would remind my fellow-citizens that I give particular attention to the sale of real estate at public auction. The room and location I have is well adapted for this purpose. Persons having tracts of land near the city and wish it laid off into lots, I am prepared to do all description of that class of business, and I will attend to the sale of real estate in any part of our State, provided the sale is of magnitude enough to give attention to.

CALEB WALL.

N. B.—I would give notice to all who want to rent a store room in that part of the city where the business must all centre, that I have two of those magnificent stores in the Albany Building for rent, and six of those fine stores in Newhall House. Any one wanting a store will please call on me.

feb18 C. WALL.

City Land Office.

Albany Buildings, Michigan Street.

FOUR desirable Dwelling Houses to let, for one or three years.

The two Brick tenements on Mason street.

One tenement on Jackson street.

One on Jefferson street.

Possession given May 1st, 1857

feb19 CALEB WALL.

City Land Office.

Albany Buildings - - - Michigan St.

I HAVE kept rather quiet for the last three weeks.—The cause of my doing so is, I have been trying to get my office in good order for business. This now is done, and I am prepared to transact all business in my line with dispatch. In course of thirty days there will be a general demand for all description of dwelling houses and for building lots. All who have to sell property for sale are requested to come and give me their list and I will try and dispose of their property for them. I invite every person to call and see my office, and the arrangements of it, and see how very nice we are pleased with it. I have prepared tables, writing desks, &c., for all who want to write letters, or do any figuring. I also receive the daily New York papers and several other papers, which are free for every person to read. The City Land Office—I say to all—I desire to make a social and pleasant exchange place where parties can meet and transact their business, and I will be pleased to have you all call and feel at home—and I mean just what I say.

CALEB WALL, City Agent.

L. STANTON & CO.

City Auction Room.

Important to Land Owners.

ALL LAND and Real Estate owners, who wish to dispose of their farms or city property to a good advantage, should not fail to leave a list of their property for sale at our office, corner Wisconsin and Milwaukee streets, as soon as convenient, stating prices, terms, etc.

As we intend to go extensive y into Real Estate business this year, we have made such arrangements which will give us advantages over others in selling Real Estate.

Numerous Emigrants who intend to make Wisconsin their home, will arrive this spring and summer and the attraction of capitalists in Europe and New York, will be sent directly to our office.

We are now ready to locate land in any part of the State, on the best advantage.

We will give particular attention to the laying out of Real Estate into building lots, and the selling of Real Estate on commission.

All business entrusted to our care will be executed with dispatch and correctness

INSTRUCTION.

SALOM'S MERCANTILE COLLEGE!

A Perpetual Ticket for $25!

GENTLEMEN desirous of acquiring a thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.

The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many original plans for economizing labor, which, adopted as in some instances utter the experience of half a century, may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms, &c.

The Surveying and Mathematical department is in progress during the day and evening.

SALOM H. SALOM.

ENGLISH AND MERCANTILE ACADEMY,

No. 40 [illegible] Street, Milwaukee, Wisconsin

THE PRINCIPAL RESPECTFULLY informs the Public that the Winter Term of this School commences, Monday, December 8th, 1856.

This Institution, has been in successful operation for seven years. The Academic year comprises 4 terms of 11 weeks each, the first commencing on the 2d Monday of September.

The whole number of Students in attendance at present is 63.

PRIMARY DEPARTMENT.

A competent Female has charge of this department, and children are received at any age.

THE LADIES' DEPARTMENT

IN A SEPARATE ROOM,

Is under the superintendence of Miss. W. A. HALL. Young Ladies recite to Prof. L.'s classes in English Grammar, Rhetoric, Composition, &c., and are taught a neat and fashionable style of Writing. Instruction is given in Embroidery, Drawing, Music, Latin and German, and scholars are taught to read, write and converse in French and Italian.

Of late, Principal has been announcing to his friends and patrons the prosperity of this department during the past year. He pledges himself that it will be his constant aim to secure to present scholars the intellectual and moral improvements to those entrusted to his care.

COMMERCIAL DEPARTMENT.

This department is under the charge of Prof. LARGO, Instruction is given in all the branches of a thorough English and Commercial Education, including the Higher Mathematics, French, Latin and German Languages, and is designed to prepare youth, for college or for business life. Perfect facilities are afforded to young gentlemen for acquiring, in the most expeditious manner, a thorough knowledge of Commercial Science, as practically employed in the Counting Rooms and Business pursuits generally.

The Full course embraces the most approved and practical forms for keeping Books by Double Entry, in the various departments of Trade and Commerce, including General Wholesale and Retail, Mercantile Exchange, Commission, Shipping, Individual Partnership and Compound Company Business with Commercial Correspondence in English, French and German. The Student is taught to copy all manuscripts in a bold and rapid hand, which serves as a great assistance to him in acquiring an excellent style of writing—a hand writing in every respect adapted to business pursuits is also warranted to every student who takes a full course with Prof. L.

Though the extensive business acquaintance of the Principal, many of his students obtain profitable situations.

Lady's and Gentlemen's French Class at 4½ P. M.—Latin Class at 7½ A. M.; German Class at 8 P. M. Evening Classes in Book-Keeping, Writing, &c., from 7 to 10.

☞ Students admitted any time, day or evening.—For further information see Circulars.

C. F. LARGO, Principal.

LESSONS IN Foreign Languages.

MR. AND MRS. L. S. B. DE CRETY, from Paris, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be adapted to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.

Gentlemen and ladies who begin to speak either of these languages, can receive lessons in Reading and Conversation, Mr. De Cretz furnishing books of the best French authors. Those too wishing to learn vocal music in either of those languages, will find a competent music teacher in the establishment.

The hours of instruction will be from 3 to 11 o'clock A. M., and from 2 to 5 P. M. And in the evening from half past 6 to 9 for conversation.

Mr. DE CRETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as well as in fencing, the use of the Sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr. De Cretz will also give similar classes for children, from 10 to 15 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

TO MERCHANTS.—Mr. DE CRETY will take charge of French correspondence to all the principal cities of France and will procure all Price Currents that they may want.

aug27d87dly

BAYLIES & LINCOLN'S Milwaukee Commercial College

212 and 214 East Water St.,

MILWAUKEE, - - - WISCONSIN.

THE proprietors of the Milwaukee Commercial College would respectfully announce that the liberal patronage that has been extended to this deservedly popular enterprise has led them to extend the field of study, so that it will embrace every branch of a thorough Commercial Education. As there are no classes formed in any department of study—(thereby enabling the student to enter any time, and commence receiving instruction)—the student, on entering, is placed in the Counting Room, with actual transactions to work from, thus making his education not merely theoretical, but practical to the last degree. The Commercial Course comprises Book Keeping by Double Entry, in its various forms, as adapted to Wholesale, Retail, Commission, Manufacturing, Custom House, Banking, Railroading, in stock partnership, and compound Company business, Commercial Calculations in per centage, Exchange, Bank and Regular Discounts, Averaging, Accounts by Simple and Compound Equations, &c., according to the most approved methods. Commercial Correspondence, including account sales, account currents, drafts, bills of exchange, &c., &c.

Also, a perfect system of detecting Counterfeit Bank Notes, will be given to each student.

A good Hand Writing guaranteed to every person completing a full course.

During the Session, Lectures on Commercial Law will be delivered by eminent legal and business men, and no pains will be spared to make this department particularly attractive.

The Reading Room will be supplied with the various Daily and other papers and publications.

Particular attention will be given to Ladies who may wish to acquire a business education, and separate rooms have been beautifully fitted up for their use.

Merchants and other business men are informed that, as an aux, or a last year's notice, a few Boys can be supplied with competent Accountants, and young men will be assisted in procuring situations when desired.

For terms and other particulars please address

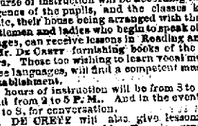
BAYLIES & LINCOLN.

jy15dlaw

Every Man his own Miller.

PORTABLE CAST IRON GRAIN MILL.

Young America Improved and Perfected.



THE above mill was patented by Charles Leavett, of Ill., Feb. 27th, 1855. This mill took the first premium at the Ohio State Fair, held in Cleveland, 1855, over all competitors, and during the fairs of the fall of 1856, the first premiums over many others in the State Fairs of Ohio, New York, Tennessee, Michigan and Minnesota, also, at the County Fairs of the following Counties of Ohio and Indiana, viz: Guernsey, Crawford, Logan, Medina, Ashland, Wayne, Knox, Montgomery Clark, Erie, Lorain, Richland, Plymouth dairy, Chester, Frederick, in Indiana, Tippecanoe, Jefferson, Wayne, Fayette, Shelby, Jennings, Warren and Fountain.

Farmers, Saw Mill owners, Livery Stable men and all others feeding stock of any kind are invited to examine the merits and superior advantages of the above mill.

The Young America will grind as much corn in the cob, shelled corn, oats, barley, and all other grains for stock as any mill of the same size and with much less draft.

What we claim is great strength, durability and simplicity, being so simple that a child can learn to grind with safety.

In the next we claim the small expense to renew the grinding parts of the mill, and the ease with which the grinders are put on the mill, at a cost of not over three dollars, which makes it superior and more economical than any other mill. The grinding parts of the above mill are made of the best of cast iron, as hard as Sheffield cast steel—can be tempered. Each set will grind from 5,000 to 10,000 bushels of grain, with proper usage. Besides the set of grinders on the mill, an extra set is presented with each mill, making it equal to two common mills. When found necessary to change the grinders, almostany one can do it in twenty minutes.

As a proof of the estimation in which the Young America is held in Ohio, we would state that during the fall, winter and spring of 1855-56, 2500 were made and sold in Ohio, at Zanesville, by Douglas, Smith & Co., Hall & Allen of Mansfield, Eldridge & Fancourt of Cincinnati, and at New Philadelphia.

At this time there is not less than 200 being sold every week in Ohio, at retail, besides those sold in other states east and west.

The above mill is being manufactured and can be furnished at wholesale and retail, from the Wisconsin Iron Works of A. J. Langworthy, on the water power in the City of Milwaukee. The mill is warranted perfect in all respects.

Dealers in agricultural implements and machines, of the State of Wisconsin, are requested to call and make arrangements for the sale of the above mills, to whom a liberal discount will be made on the retail price; also any others wishing to engage in a profitable business. Would call attention to good men who have teams, in any part of the State, who would peddle the mills through the country. Four can be taken on a wagon, and a nice—liberal arrangements would be made with them.

The above mill will grind from 8 to 20 bushels of grain per hour, in accordance with the kind and condition of the grain.

Price of the Young America $55—ready to hitch to and warranted to grind as fast as any mill of the same size when properly worked, and with less draft.

For further information address or see the undersigned, sole owner of the right to the State of Wisconsin.

W. HAROLD SMITH.

WOULD SUGGEST to the Trade, that they will be prepared for Spring sales with their usual extensive stock of the finer qualities of

READY MADE CLOTHING.

In reference to which they would suggest, that the facility with which their goods can be fitted, every garment being marked in lengths and breadths, the same one breast being varied to suit the different proportions of the same measure, should give them the preference over any clothing, the sizes of which are indefinitely marked. The difficulty of really suiting patrons from that fact, it is presumed, has been very generally realized. In short, strict attention is directed in a determination to render our garments equal in every respect to the best custom work feb6d3mVO&OO

HEALTHY BREAD!

MADE WITH

JAS. PYLE'S DIETETIC SALERATUS.

THIS article is deprived of the caustic impurities, so well known to exist in all common Saleratus, thereby dealing destruction to thousands unaware of its injurious qualities. So destructive is it to the constitution of children, that where they and the parents have been regular consumers of Saleratus Bread, there is but little chance for recovery from incipient consumptive diseases. In this way thousands meet with premature Death—the sad reality of which is fiercely demonstrated, in the mortality among children, in the New England and other States, where warm bread and cake is so generally consumed.

JAS. PYLE'S DIETETIC SALERATUS

Is of vast importance to the public, and is rapidly coming into use. Being deprived of all caustic impurities, it is quite as harmless as flour. In point of economy it excels having powerful raising properties, and is altogether superior to Baking Soda. No intelligent lady will dispute this after a trial.

Cliff is packed in pound packages, each bearing the name of James Pyle, without which it is not genuine. For sale by John Furlong & Co., E. A. Folsom, Chaplin & Gregory, Milwaukee; Ethridge, Shoemaker & Co., Madison; E. H. Jones & Bro., Fond du Lac, Wis.; A. Gross & Co., Chicago.

Prairie du Chien Land Agency.

THE UNDERSIGNED having purchased an interest in the Prairie du Chien, (lower town) offers on reasonable terms two hundred (200) lots, situated near the depot grounds of the M. & M. R. R. Co. I am ready to offer inducements that cannot be surpassed in the State, both as to price, terms and location, to all wishing to purchase a site for business or a desirable residence.

The City of Prairie du Chien being the

Terminus of the M. & M. R. R.

and situated on the banks of the Mississippi river, tributary to which is the whole State of Iowa and Minnesota. It is unnecessary to make any comments, for it is too evident that it will be the second city of Wisconsin.

To any person wishing to make investments, I would say that I have the agency of a large amount of desirable lots owned by the American Transportation Company, in addition to my own, and hereby offer my services to any who desire to make an investment that will prove that

Prairie du Chien is the Point to Double Your Money in Twelve Months.

To my old friends, Railroad Conductors and all others, I will say—call and see me, and you will be sure to be rewarded.

Refer, by permission, to—

HOTEL TO RENT.

THE NEW and commodious First Class HOTEL, just finished, in the city of Sheboygan, and known as the American, is now offered for rent by the owner, A. A. Gury.

To a competent person, who has had a successful experience in the management of such a house, (and none others need apply) the proprietor is prepared to offer it at a low rent, or he will take a share in the profits.

The American is the largest Hotel in this section of the State, and is delightfully located on Pennsylvania Avenue, so as to command a fine view of both the City and Lake Michigan.

Apply to the undersigne, by letter or otherwise.

A. A. GURY.

schdltf Sheboygan, Sept. 27, 1856.

Important to Lumberers, &c.

THE SUBSCRIBER is prepared to dispose of two licenses to cut timber on the north shore of Georgian Bay, Lake Huron, embracing an area of fifty square miles, or 32,000 acres each. One is situated on Copper River, near the Bruce Mines. The other is situated at the mouth, and extends up the Shaw-e-ne-ga River twelve miles, and belonging thereto is an almost unlimited water power, near the mouth of the latter, up to which vessels of the largest size can ascend. A short distance up the river, the river widens, forming a place in which any quantity of logs can be boomed. The whole forming unlimited facilities for carrying on a large lumbering business, and lying nearly on the direct line from Collingwood to Lake Michigan. For price, terms, &c., apply to the subscriber, at his office, West Water Street.

THOS. L. HELLIWELL.
